

PRESS RELEASE

GENERAL MANAGER OPPORTUNITY AT TILBURY GREEN POWER PLANT

1 September 2016

In advance of the Tilbury Green Power (TGP) Plant entering its operational phase, TGP is pleased to announce that it has now commenced the recruitment process for the Plant's General Manager.

The General Manager will have overall responsibility for the operation of the Plant; administer TGP's interests and obligations under various Project Agreements and Licences; and show safety leadership and influence the project/business partners and their staff to achieve a zero injury environment.

Further details on key responsibilities, qualifications and how to apply, are available under the Employment Opportunities section of TGP's website (www.TilburyGreenPower.com/employment-opportunities).

The closing date for this vacancy is Friday 30 September 2016.

End of News Release

Notes:

Tilbury Green Power Limited is constructing a renewable power plant fuelled by waste wood, within the Port of Tilbury on the banks of the River Thames.

The Plant will have capacity of around 40 megawatts (MW) and will produce up to 319,000 MWh of renewable electricity each year – enough to supply around 97,000 average homes, and will play a valuable role in the UK meeting its target for producing 20% of its energy from renewable sources. The Plant will utilise around 270,000 tonnes of waste wood sourced from the region.

The Tilbury Green Power Plant is being developed by Tilbury Green Power Limited, the major shareholders of which are ESB and the UK Green Investment Bank. Further details on the Project can be found on our website: www.TilburyGreenPower.com

Western Biomass Operating Company Limited is the company appointed by Tilbury Green Power to undertake the operation and maintenance of the Plant on Tilbury Green Power's behalf.
